

Time and Attendance

Automate employee time tracking and collect key project data

Arcoro's comprehensive Time and Attendance solution enables high-compliance companies to streamline payroll with 100% accurate time tracking data and make strategic decisions about their project-based, field workforces.

Our proven, cloud-based solution consists of workforce management software, a feature-rich mobile time tracking app and all-weather clock options.

More Insight on Your Field Workforce

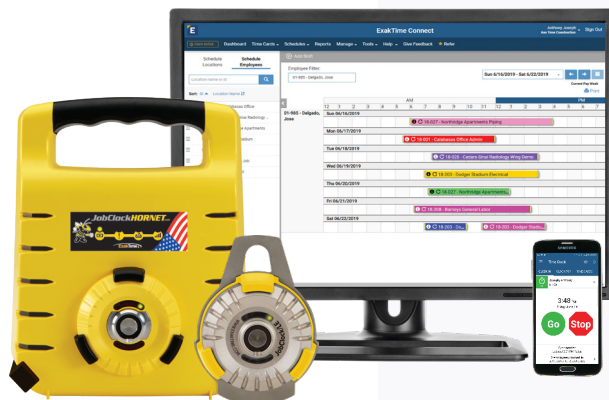

Track workers' hours and activities in real time from anywhere in the field. Utilize labor and jobsite data for strategic decision-making.

Reduce Labor Costs and Payroll Processing Time

Eliminate time inflation and timesheet errors that add dollars to your payroll every day. Avoid data rekeying and reduce payroll processing time with simple software integrations.

Stay Compliant with Labor Law

Keep your labor management free from workers' comp and wage missteps with mobile employee signatures that are stored securely in the cloud.

Automating time-consuming processes enables your business to stay efficient and competitive. The Arcoro time and attendance solution puts high-risk, high-compliance businesses at an advantage with easy reporting and streamlined operations.
